

SPECIAL EVENT LISTENING SESSION

Attention Wyoming School Board Members

You are invited to attend a special virtual listening session with Governor Mark Gordon to share your observations, thoughts, and concerns regarding the opening of our schools under the COVID-19 pandemic. This session is only open to local school board members and is intended to provide a forum for you to share how things are going in your district since the start of this school year.

1. What's working?
2. What concerns you?
3. Is there anything you want the Governor to know?
