

Wyoming School Boards Association Insurance Trust

The Wyoming School Boards Association Insurance Trust (WSBAIT) was created in 1995 to control the rising cost of health insurance premiums in school districts. Our thought in 1995 and still today is that every dollar we save with health benefits is a dollar that can stay in the classroom. By working together, we have formed a pool large enough to take advantage of cost saving strategies otherwise enjoyed by only very large group programs.

WSBAIT Highlights

- Partially Self-Funded Trust – Reserves owned by participating districts.
- Currently cover approximately 2600 employees / 7500 total lives.
- Founded on basis of flexibility – We believe in local control that includes your benefit design(s).
- We can accommodate any combination of benefit plans from our WSBAIT model of 6 medical plans, 5 dental plans or 2 vision plans or a plan design of your choice.
- Wellness Program that provides premium incentives for participation.
- Teladoc gives members 24/7 access to medical and mental health providers via phone or video chat.
- Governed by a Board of Trustees comprised of representatives from every participating district. Everyone gets a vote. We are truly a participant run program.
- Transparency in everything we do including but not limited to how your rates are calculated and access to your individual district claims data.

Northwest BOCES

WSBAIT is administered by UMR (www.umar.com). They are a subsidiary of UnitedHealthcare and one of the largest third-party administrators in the nation. They are headquartered in Wausau WI. They offer an integrated solution for all aspects of our program. When our members call UMR they speak with a dedicated customer service team who can assist with their questions on medical and pharmacy benefits, claim issues and network questions. By partnering with UMR, our members have access to the UnitedHealthcare Options preferred provider network giving them a nationwide network of providers to choose from. Partnering with UMR has given us the support of UnitedHealth Group with the flexibility and personalization of a small-town third-party administrator.

Through UnitedHealthcare, UMR and HealthSCOPE Benefits creates and publishes the Machine-Readable Files on behalf of Wyoming School Boards Association
